Your tribunal hearing about school A

Thank you for speaking to us at the online hearing in October 2024 and for sharing your views with us. It was very important for us to hear what you think of your school, school A. You told us that it is the perfect place for you and that you have friends there.

We also read and listened to a lot of evidence from you and other people about your school, and about school B's ASN base.

We have decided that school B's ASN base is not suitable for you at this time. We have decided that it is better for you to stay at school A.

We heard from you and others that you feel settled at school A and are in a place where you can learn. We hope that you continue to do well there and we wish you all the best for the future.

Yours sincerely,
